This month the chefs have decided to celebrate the best of British summer food by including some classic summer British dishes in the menu.</p> <p>July's Food Hero is Richard Spilman. Richard has been growing strawberries at Church Farm, Sessay since 1970, starting with 2 acres, and gradually increasing to the present 12 acres. Alongside this there are 3 acres of raspberries, as well as blackcurrants, redcurrants, gooseberries and plums.</p> <p>August Food Hero is Sandhutton Salad and Herbs.</p> <p style="text-align: center;">For recipes using produce from our local suppliers, see the Food Heroes pages under Clocktower at www.riddingpark.co.uk</p>
